

**Next Meeting: Saturday, July 6th, 11:00 AM, at the Horton Flying Field**

## A Letter from the President

Greetings Modeleers

I think that somehow we missed spring, but flying weather is now in abundance. We have the field in great shape, so get out and use it.

I was reminded by LoveAir that we are invited to their joint fly-in, swap meet and barbeque on July 13<sup>th</sup> at their Drake Field. This is your annual opportunity to experience the wonder and disorientation of flying off a really large runway. It seems like you just couldn't miss landing on something so big, but... Please plan on attending and I'm sure they would appreciate volunteers to help with setup and cleanup.

Dave Dust and I climbed up and cleaned the weather station. It's amazing how much dirt and dust accumulates from Horton's feed mill operation. In spite of all the gunk, the rain gauge and anemometer functioned smoothly, so the wind speeds you see really are that high.

Our club business meeting is July 6<sup>th</sup> at 11:00 AM. It is the weakened after Fourth of July, so I expect that attendance may decline since some folks may extend their vacation. I look forward to seeing those of you who stay close to home.

Jerry Craig    President
