Next Meeting: Wednesday, January 6th, 6:30 PM, at Home State Bank

A Letter from the President

Greetings Modeleers,

I trust you have embarked upon a happy New Year:

I hope you have taken the opportunity to look the AMA's video about the FAA's registration of radio control aircraft that Dave Dust e-mailed to you recently. I think it answers many of the recent questions about the FAA's regulation requiring registering our aircraft with them. The AMA has advised against registering with the FAA at this point while they pursue various appeals, so I will let you know when I receive any updates. Some pretty important stuff is going on, so if you have not been receiving AMA emails, you should contact them with your e-mail address. If you do receive emails from madigital@modelaircraft.org don't just ignore it as I have on occasion.

Although we have the weather station reporting again, but Gene Burmeister and Dave Dust discovered that the anemometer is giving faulty readings. The bearings are wearing out from all the dust and it looks like a replacement may be in order. We'll address that along with the new

budget at the upcoming business meeting.

Remember that we are having a swap meet at the end of this week's business meeting, so bring something to swap or buy. We will meet at Home State Bank on 303 E. Mountain Avenue, Fort Collins on Wednesday, January 6th at 6:30PM.

Membership is open to all RC model aircraft enthusiasts who are members of the [Academy of Model Aeronautics \(AMA\)](#). Activities of the club include all phases of RC modeling: instruction, sport flying, club events, and more. A monthly newsletter and yearly membership card is sent to each member. Instruction is offered to new members free of charge. Current AMA membership is required to fly at either club field. Non-club members who are AMA members may fly free two days as a guest of the club.
