

Next Meeting: Wednesday, April 3rd, 6:30 PM, at HobbyTown Fort Collins

A Letter from the President

Greetings Modeleers

.Well, our last indoor meeting of the season is coming up and then we can look forward to crouching under the field's shade shelter to avoid the wind.

You may have noticed that our weather station report from WeatherUnderground has a new format which does not update the wind conditions after you first access it. I'm not sure if it is a glitch that may be remedied or if we are stuck with it. The history charts will still give you an idea of trends, just not as quickly.

Once again we have a minimal agenda. Joe Wilson informed me that we needed to get in touch with the Larimer County Fairgrounds folks to reserve a room if we wanted to host another swap meet this summer. He went ahead and made reservations for May 18 if you folks want to do it. I seem to recall that it was suggested at one of our previous business meetings that we just have a local club swap meet at our field. We can discuss this on Wednesday and decide if we want to have a large swap meet or not.

Bring an item to share at the show and tell.

Our last business meeting at HobbyTown will be this coming Wednesday April 3 at 6:30 PM.

See you there.
