

Next Meeting: Wednesday, November 5th, 6:30 PM, at HobbyTown

A Letter from the President

Greetings Modeleers

Those of you who managed to brave the erratic wind over the past weeks may have been further stymied by the half dozen semi trucks shuttling past our runway as they denuded the crops east of the field. Clouds of dust swept over us. In addition one of the trucks broke down at the south end of the runway so there no leeway for takeoffs to stray past the west edge of the runway. Things are back to normal now and those of you who feel the need can resume crashing in the harvested cornfield and recover the debris. Note that the Porta Potty is encrusted with road dust. I'll try to remember to take some water and wash it out.

Ten days ago, Dave Dust noticed that our storage shed door was ajar and found that some vandals had broken. They damaged to the door and broke off the lock, but nothing inside appeared to be missing. The lock was gone, so maybe they were stealing that? Dave and I repaired the door and replaced the lock and hasp, so we should be as secure as before.

As those of you who attempted to attend October's business meeting discovered, there were too few folks present either on the Board or the membership to hold a meeting. The weather made it obvious that only the brain damaged people would show up as I confirmed. So, here I go again scheduling the November meeting. However, this time it will be indoors at HobbyTown so we should have a quorum. Nothing new has been added to the proposed and unrealized October agenda.

This coming meeting will be on November 6 at HobbyTown at 3600 S. College at 6:30 in the basement. I hope to see you there.

Jerry Craig, President

Minutes of the October 2019 Meeting

October Meeting was cancelled:

Next Meeting: The next meeting will be on Wednesday, November 6th, at 11:00 AM at the Horton Flying Field.

Respectfully Submitted,
David Dust
Rocky Mountain Modeleers Secretary
